

## ALERT - Teen Club Knott's Berry Farm Postponed due to weather (Canceled 1/14/19)

Due to inclement weather forecast in Buena Park on Monday, January 14 we've decided to **reschedule the teen club field trip to Monday, February 11**. The good news is that the park is open later on this date until 8:00 pm.

Please note that this decision was made after discussion with Knott's Berry farm and the bus company about both safety and operations. Knott's Berry Farm has indicated that a call regarding park closure will not be made until Monday morning and could change depending on the weather throughout the day. Please note that Knott's Berry Farm does not offer rain checks and once you enter the park even if only for a few hours the ticket is no longer valid for a different day.

**If you are not able to attend on this date please email [events@learningchoice.org](mailto:events@learningchoice.org) to make alternate arrangements by Friday, January 18.** If you do not email your rsvp will automatically be transferred to the new date of February 11. We will continue to accept new teen club RSVPs for this rescheduled date until buses are full.

We apologize for any inconvenience and appreciate your understanding. We want to ensure that the field trip is safe and fun for everyone attending.
