ONLINE CURRICULUM

**Time4Learning**

**Gr. TK-5**

Time4Learning is an approach that takes advantage of today’s technology. It’s a convenient, online home education program that combines learning with fun educational teaching games. Time4Learning helps parents build interesting diverse days. By shifting from computer-based lessons to discussion, or from paper and pencil exercises to art projects, children stay engaged and benefit from different teaching methods. Time4Learning’s online learning system combines homeschool interactive lessons, multimedia reinforcement activities, printable worksheets, learning games, and assessments with reports. Students must have regular access to a computer with a reliable internet connection.

**Subjects Covered:** Language Arts and Math; Social Studies and Science are not standards aligned. It is recommended to order these separately.

**Format:** Online program

**Learning Style:** multi-sensory

**Teaching Style:** structured, low prep, moderate interaction required; basic computer skills required

*TLC offers a variety of supplemental online programs to support K-5 student learning. These include, but are not limited to IXL Math, Digital Content Portal, and Mystery Science.*

LEARNING WITHOUT TEARS TK BUNDLE
Gr. EAK/TK
Unique lessons are memorable and provide real-life context, so children can easily master new concepts. Skills are taught explicitly and sequenced from the easiest to the most challenging to provide opportunities for differentiated instruction. Lessons address general readiness, alphabet knowledge, letter/number recognition and formation, counting, drawing, shapes, and colors. Integrated assessments to check student learning after each lesson.

**Format:** Teacher’s Guide and student Activity Book plus additional hand-on materials

**Language Arts Strands Covered:** reading and writing readiness

**Learning Style:** directed, visual, multisensory

**Teaching Style:** structured to flexible, some prep

**Publisher:** Learning Without Tears

TEACH YOUR CHILD TO READ IN 100 EASY LESSONS
Gr. EAK-2
This program is the SRA DISTAR reading program that teaches phonetic sounds by creating a set of symbols to represent each sound and then transitioning the student to standard alphabet combinations later on. This program has 100 twenty-minute lessons that are scripted. After 100 lessons, students read on a solid second grade level. Includes optional spelling and writing exercises.

**Format:** book

**Language Arts Strands Covered:** reading

**Learning Style:** directed, visual

**Teaching Style:** structured, linguistic approach, no prep, high interaction required

**Publisher:** Fireside

THE ORDINARY PARENT’S GUIDE TO TEACHING READING COMBO PACK
Gr. TK-1
Learning to read is often thought of as a mystical process that requires a trained professional. Remember: patience, frequency, and consistency is the key. Using the explicit phonics method (rather than sight-word or basal reading systems), the lessons begin with short vowel sounds, and then move through consonants, blends, long-vowels, silent letters, r-changed vowels, two- and three-syllable words, possessive words, contractions, and more.

Each lesson is organized with notes to the teacher, scripted lesson content for the teacher to give to the student, and words for the child to repeat after the teacher or read to themself. There are no pictures on the pages, and this keeps students from being distracted or from becoming dependent upon pictures for guessing. Guessing is not the goal; memorization is.

**Format:** book, magnet boards with letters, audio companion
Bob Books
Gr. EAK-1
Bob Books provide a step-by-step program to guide your child through the early stages of reading. At each level, books are carefully crafted to meet the needs of a particular stage in a child's reading development. Learning to read with Bob Books assures children success from their very first reading experience. Individual books give students the confidence and skills to read. Students should know their alphabet prior to starting this program.

Language Arts Strands Covered: phonics, reading, sight words
Format: individual leveled reader sets
Learning Style: self-paced, high interest
Teaching Style: flexible, some prep, high interaction required
Publisher: Bob Books

Words Their Way
Gr. TK-K
Provides students with phonics, spelling, and vocabulary. This powerful approach to word study encourages students to look closely at words to discover the regularities and conventions of written English needed to read and spell. All the materials you need to implement and create word sorts are provided in a ready-to-use format including picture and word cards, sorting grids, and game boards. Engaging reading materials that correspond to each word sort are also available.

Language Arts Strands Covered: phonics, vocabulary, and spelling

**Build Your Library**

Gr. K-5
Build Your Library is an integrated curriculum that uses literature and informational text as the foundation of your curriculum. This program is designed for home school and incorporates narration, copywork, dictation and memory work into your child’s education. Art study ties into history and science is mostly literature based. The curriculum has the book lists for the year (some titles available through TLC), weekly and daily plans, and resource/activity pages. For K-2 a separate reading and phonics program is needed. This curriculum does not teach reading strategies.

**SPELLING and VOCABULARY**

**All About Spelling**
Gr. K-4
*All About Spelling* uses a multisensory approach to teach spelling. It contains everything your student needs to become a speller for life. This mastery-based, building block program works with students who have learning disabilities as well as those who do not. Built-in review system helps the learning stick. Works well in conjunction with *All About Reading*. Placement tests available online to determine the correct level.
Spelling Workout
Gr. 1-5
This program uses a kid-friendly sports theme to help make learning spelling systematic and fun! Student edition includes cross-curricular reading selections, high utility list words, writing/proofreading exercises, and a dictionary at the back of each book. The beginning of each lesson has a spelling “rule” clearly stated so children may memorize it.

**Do California!**

4th grade

The *Do California!* social studies curriculum was designed for California history teachers and parents searching for a comprehensive California unit study or homeschool social studies curriculum closely aligned with California State Standards. The program is divided into four sections and each lesson requires students to complete vocabulary cards, read about a California topic, and complete a comprehension activity. In addition, each lesson includes a balanced mix of lower and higher level activities for the students to complete. Vocabulary quizzes, mapping, graphing, puzzles, research, writing, timelines, and following directions are the types of activities that will help students learn more about California. Additional supplemental materials are available.

Format: spiral bound teacher’s edition and Teacher’s Resource, with student edition

Learning Style: directed

**Publisher:** Delta Education Science

**Young Scientist’s Club**
Gr. TK-2
The Young Scientists Club works similar to a magazine subscription in that your child will receive a new kit approximately every six weeks. Each kit reinforces what was learned in previous kits as well as introduces what will be learned in future kits, creating a continuous curriculum of science learning. Each kit contains several science experiments and takes, on average, one hour to two hours to complete each kit (with some long-term projects such as growing bacteria and measuring rainfall). The kits cover topics ranging from batteries and fossils to the human body and volcanoes. In each kit you receive all the materials needed for the experiments except for common recyclable and household products (i.e., plastic bottles, jars, baking soda, vinegar, etc.).

**Format:** consumable kits which are received one at a time; some materials from a kit may be also needed for the next kit in the series so don't throw them away! Science A-Z also available for literacy and content support
Learning Style: multi-sensory; interactive
Teaching Style: structured, low prep, moderate to high interaction required
