## 2019–2020 School Accountability Report Card

[Translation Disclaimer](#)

# School Accountability Report Card

## Reported Using Data from the 2019–2020 School Year

### California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### **School Description and Mission Statement (School Year 2020–2021)**

The Learning Choice Academy East County (TLCEC) is a California charter school dedicated to assisting parents who school their children in grades kindergarten through 12 at home.

TLCEC Academy's mission is to empower students to reach their full potential by providing choice in education within collaborative triads of parents, students, and school.

TLCEC provides books and instructional materials, a certificated teacher to work in partnership with parents, special student allowances for enrichment classes, field trips, and other activities, including science labs, math labs, a full day of optional student classes, as well as a wide variety of other educational services. Special activities are planned that offer opportunities for students and their families to meet and participate in fun activities that provide both educational and social benefits. Some of these school activities include monthly schoolwide assemblies, field trips, Project Showcase, a spelling bee, and a countywide Community Field Day.

**School Facility Conditions and Planned Improvements**

TLCEC Academy considers the physical appearance and safety of its school very important. TLCEC provides a quiet space where parent, student, and educational partners can meet, as well as additional spaces for families to relax together as they wait. TLCEC facilities comply with the Americans with Disabilities Act. Classrooms are provided for student instruction, committee meetings, and other group gatherings.

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with

alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

English Language Arts / Literacy (grades 3-8 and 11)		N/A		N/A	50%	N/A
Mathematics (grades 3-8 and 11)		N/A		N/A	39%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Energy and Power Technology Pathway

Energy and Environmental Design

This course will introduce students to career opportunities within the sector and provides an overview of emerging energy and environmental technologies, such as include solar, wind, nuclear, renewable and non-renewable energy sources, and the associated environmental issues and societal response.

Applied Sustainable Construction (Capstone)

This capstone course allows students to demonstrate mastery in skills attained in concentrator courses. Students will demonstrate understanding of: energy resources and their effects on the environment; global interactive systems and elements that create and sustain climate; land use, air quality, and drinking water management systems, and their potential for environmental impact; storm water, rivers, and groundwater systems, and environmental legislation and regulations. Student may demonstrate mastery by evaluating regional interactive systems and elements that create harmful environmental effects, identifying the role and impact of waste management systems, implementing processes to support

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

## Opportunities for Parental Involvement (School Year 2020–2021)

Parents and other relatives are encouraged and welcomed to become involved in the formal education of their children. Educational research validates that support at home is critical to a child's academic success. There are many opportunities to be involved at their children's school site, including: governance committees, special events, fundraising events, parent organizations, in classrooms, and at the district level by participating in cluster councils, district advisory councils/committees, and special events.

Parents are encouraged to support their children at home by making their expectations about school clear and creating a positive learning environment at home

We are committed to communicating with and engaging parents as partners in their children's education. We are also committed to obtaining community resources for our school and invite all members of our community to assist us in the education of

our students.

Parents have many opportunities to be involved at their children's school site (i.e., advisory committees, special events, fund raising

events, parent organizations, and in classrooms). We encourage parents to support their children at home by making their expectations

about school clear and creating a positive homework and learning environment.

If you want to get involved, please contact Renee Olmeda at [events@learningchoice.org](mailto:events@learningchoice.org) or (619) 463-6845.

**School Safety Plan (School Year 2020–2021)**

The Comprehensive School Safety Plan is revised and reviewed with staff each year. The plan includes all procedures and standards for drills, first aid, and evacuations as well as guidelines for a safe & orderly environment. TLCEC assigns Incident Command Team roles for staff in the event of an emergency. All staff participate in yearly training for Child Abuse Reporting and bi-yearly certification for CPR and First-Aid.
